CURED AFTER SUFFERING

YEARS. YEARS.

B. F. Hare, Supt. Miami Cycle & Mfg.
Co., Middletown, O., suffered for ten
years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any perma-nent benefit. He says, "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodel Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years, and I recommend Kodol Dyspepsia to my friends and acquaintance suffering from stomach trouble."

Mercur Drug Company.

WORK ON THE DAISY. From an Exchange.

Arthur Murphy has also undertaken the resurrection of the old Daisy, and it is understood that he will very soon be ready to demonstrate that that proposition can be made to pay hand-

somely. Considerable development has been done at the Ingot company's property, and late reports indicate that ground is giving good account of itself. The probabilities are that during the coming year this property will be made productive, and, on account of the close relationship that it bears to the Consolidated Mercur, it may develop that arrangements have made to have the ore treated at the latter company's mill-either that or the sale of the property to the Con. Mercur company

In other portions of the camp un-mistakable signs of revival are to be seen, and with the Con. Mercur again in the dividend list, as it surely will be during the next few months, the outlook for the camp may be said to be brighter than for several years

TRIED TO CONCEAL IT.

it's the old story of "murder will out" only in this case there's no crime. A woman feels run down, has backache or dyspepsia and thinks it's nothing and tries to hide it until she finally breaks down. Don't deceive yourself. Take Electric filters at once. It has a reputation for curing Stomach Liver presents. tation for curing Stomach, Liver and Kidney troubles and will revivity your whole system. The worst forms of those maladies will quickly yield to the cur-ative power of Electric Bitters. Only 50c, and guaranteed by Mercur Drug

Send a postal-card for a sample copy of The Semi-Weekly Sait Lake Tribune. Then you will be sure to accept its remarkable offer to send you the paper twice a week for almost a year and a half for \$1.50.

For a bad taste in the mouth take a few doses of Chamberiain's Stomach and Liver Tablets. Price 25 cents. Warranted to cure. For sale by Mercur Drug Co., Mercur, Utah.

STOCKTON NEWS NOTES.

From the Sentinel.

STOCKTON WRITTEN UP

By the Daily Press in Very Extensive and Flattering Style.

and Flattering Style.

From the Deseret News.
Stockton has been the wene of important mining, operations during the year. The driving of the Honerine drain tunnel is a notable achievement and history will record is as the beginning of a new era in the camp's existence.

In the past too much water has been a disturbing element and has been the means of relarding the devel ament.

means of retarding the devel pment and growth of the district. Although many attempts were made to operate below the water level of the camp, they below the water level of the camp, they all proved failurer, the cost in most cases being too great. The Henerine Mines company went to big expense in the installation of powerful pumps and made fair progress, but while it was freeling its own properties it was also unwatering its neighbor's mines and the latter here no portion of the the latter bore no portion of the ex-pense. The Honerine company had been pumping at the rate of about 1000 gallons per minute and continued in

operation long enough to determine that the sulphide ore bodies below were worth going after. WOULD NOT JOIN IN.

The other mine-owners were pre-vailed upon to join in the pumping operations, but none seemed willing to do this. The result was the Honerine piant was closed down, the pumps withdrawn and for a time it looked as if the camp would remain indefinitely

TUNNEL SCHEME DEVISED But shortly after the shut-down, just about a year ago, the Honerine tunnel scheme was devised. In this enterprise the mine-owners appeared to agree and the managers of the principal proper-ties joined in the organization of the Honerine Tunnel company. Sufficient funds were raised to guarantee the success of the enterprise, and the great work was begun during the present year. When completed the tunnel will be about 8000 feet in length, and will penetrate many of the ledges which have yielded so generously above the water line. A little over 5000 feet of the tunnel has been run and it has already drained many of the workings which were filled with water a few weeks ago.

RESERVOIR TAPPED.

A great porphyry formation seemed to lock the water within the mineral zone, thus apparently forming a great reservoir. When the tunnel cut through this porphyry a few weeks ago the reservoir was tapped and the water sought an outlet through the tunnel in tor rents; for days the stream was running at the rate of from 2000 to 5000 gallons per minute. With this event the success of the tunnel was assured and preparations were begun to resume operations in some of the mines that had been idle.

had been idle.

WAS IN GOOD HANDS.

The work of driving the great tunnel has been in competent hands; under the superintendency of E. J. Raddatz, while the general supervision has been directed by Williard F. Snyder, general manager of the Western Explora-tion company, an organization closely allied to the tunnel company and the Honerine mine. The undertaking was a stupendous and expensive one. The tunnel has cost about a quarter of a million dellars.

BIG REDUCTION WORKS.
In the meantime preparations went

ahead for the building of a great reduction works at the mouth of the tunnel, near the old station of Terminus. TOWN OF BUHL.

Here also the townsite of Buhl was laid out, and it is likely to become one of the most important stations on the main line of the San Pedro, Los Angeles & Salt Lake railroad. The Honerine company has now under construction a concentrating mill of 500 tons' capacity. which will go into commission early in the coming year. The ores will come through the tunnel, which will serve as the avenue of exit for the mines along its pathway. The plant will probably be increased to several thousands of tons daily capacity when the development of the properties through the tun-nel progresses further.

WAITED FOR TUNNEL. Stockton, pending the construction and completion of the big bore, has been quiet; few properties have been in operation. At the Stockton mine, however, development work has been pushed shead, and some large bodies of tilling agent have been pushed. The milling ores have been opened. The product will probably be treated at the new mill at the mouth of the tunnel until the time comes for the company to provide its own facilities.

The Honerine tunnel is of almost incalculable benefit to the camp of Stockand it means the development of district upon the broad scale of Bingham. Park City and other places. It means that the tonnages to be handled next year will surpass previous records from Stockton; that not only sliver and lead, but copper will play an important part in the production. (Continued Next Week.)

The nicest and pleasantest medicine

The nicest and pleasantest medicite
I have used for indigestion and constipation is Chamberlain's Stomach and
Liver Tablets," says Melard F. Craig,
of Middlegrove, N. Y. "They work like
a charm and do not gripe or have any
unpleasant effect." For sale by
Mercur Drug Co., Mercur, Utah.

The sooner you do it the more you will get for your money. Send The Salt Lake Tribune \$1.50 and receive the Semi-Weekly every Tuesday and Friday until May 31, 1965.

WHAT'S IN A NAME?

Everything is in the name when it comes to Witch Hazel Salve. E. C. De-Witt & Co. of Chicago discovered some years ago how to make a salve from Witch Hazel that is a specific for Piles. For blind, bleeding, itching and protenting Piles concern huma braises. trucing Piles, cczema, burns, brutscs and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by Mercur Drug Co., Mercur, Utah.

The Semi-Weekly Salt Lake Tribune gives special attention to the news the intermountain country, and particularly the mining news. Published twice a week—each issue ien or twelve pages—it is the best substitute for a daily, and will be sent you until May 31, 1905, for \$1.50.

JUST ONE MINUTE.

One Minute Cough Cure gives relief in one minute, because it kills the mi-crobe which tickles the mucous meancrobe which tickles the mucous membrane, causing the cough, and at the brane, causing the cough, and at the same time clears the phicgm draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the hungs, wards off pneumonia and is a harmless and never falling cure in all curable cases of Coughs, Colds and Croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. Sold by
